Hospital: _____ **Initial** _____ **Renewal** _____ (check one)

YES

NO

1. The Emergency Department is licensed by the Department.

2. The Emergency Department has a full-time physician director.

3. The Emergency Department has appointed a physician who shall be an active participant in activities of the HEMS medical control advisory board as constructed.

4. The Emergency Department has a physician or designee immediately available at all times to provide medical direction, through the HEMS Communications Network to EMS units. If the designee is providing medical direction, the physician must be present in the ED within voice contact.

5. The Emergency Department ensures that all designated representatives providing on line medical direction are current in ACLS.

6. The Emergency Department permits clinical rotations for EMS students from approved EMS programs within the HEMS medical control authority.

7. The Emergency Department cooperates with replenishing and exchanging medical supplies and equipment expended during treatment and transport of patients brought into the Emergency Department.

MCA Name: HEMS, INC. (Wayne County)
MCA Board Approval Date: April 11, 2013
MDCH Approval Date: August 15, 2013
